## Director's note...

After being unable to perform live theater for over 2 years, we are so happy to have the chance to be on stage again. Even though we have had to work through some difficult challenges, learning to act and sing with masks on, adjust to an outdoor space with wind and elements that try to literally bring down the show, we have all been able to persevere. This production is only possible because of all the help we've gotten from parents and cast members who have truly stepped up. Thank you for being a part of our show.

### A very special thanks...

...to Marco Colucci for the countless hours and work on the sets, and for always being there whenever we needed anything.

...to all of our creative sets and props committee. You are all so talented!

...to Brian Mizushima for going so far above and beyond to make sure all of our casts could be heard, and donating so much of your time and equipment every day! I can't imagine how we could have managed without your help.

...to all of the crew members for the extra time and dedication to our show, even staying late to load the truck each and every night.

...to our after school session principals for allowing us to bring our session to your schools and pushing to make sure it happened.

...to all of our Company Captains who have been there for us every step of the way, working hard to help the after school casts. Your time and commitment has not only made this possible, you make it fun. You bring a ray of sunshine to each rehearsal. Thank you for your great ideas, your leadership, and commitment. It has been an absolute pleasure to work with every one of you.

...to all of the parents and volunteers! You have helped in so many ways, from your creative costuming, loading in and out every day, rehearsal assistants, front of house, to your beautiful photography. We couldn't do it without you! Thank you for helping to bring our community together and bring back live theater.

Enjoy the Show!
